

CPOSAT

Christian Perspectives on Science and Technology

Call for Papers: CPOSAT Volume 2, 2023

The ISCAST journal, *Christian Perspectives on Science and Technology* (CPOSAT) is an online, open-access resource, inviting original contributions from national and international scholars. It publishes double-blind peer-reviewed articles and book reviews.

The target readership includes academics interested in science and faith, as well as educators, church leaders, and postgraduate and graduate students.

CPOSAT is now welcoming proposals for articles in science/technology that have theological/ethical/spiritual implications, and articles in theology/ethics/spirituality that engage scientific/technological topics. Original studies of the history of science and faith are equally welcome.
